Dear Brethren,

I have received the following reports from the brethren in Malawi:

The Ntaja Area – Doctor Patrick Nkhoma and Dr. Alfred Factory:

The first picture is Dr. Factory teaching In the Ntaja Seminary Extension.

Dr. Factor reports that 10 people at Napfulu Landmark Baptist Church. They were baptized in a river inside the National park. The second picture is of one of the candidates being baptized. The other is of him preaching in the church.

The following are photos of the children's ministry of the Ntaja Landmark Baptist Church:

Dr. Dick Sindi – The Blantyre area:

Dr Sindi said, “Here are photos of some of the churches who have been benefited with the food aide. There are still other churches remaining that also need also an aide as hunger has hit our churches hard. The photos you see is for those who came on this day others were also assisted in their homes which we did not take pictures.”

Dr. Jones Makhusa Nsanje Area:

The pastors in the Nsanje area come from different areas of Southern Malawi and Mozambique.

The following are photos were taken at a recent Pastor’s retreat held in the Nsanje area so that the pastors could go aside and spend time fellowshiping with each other, reading and meditating in the Word, and have a chance to spend time away from the hustle and bustle of everyday life and the pressures of the ministry.

Kungcha Landmark Baptist Church

While seventeen of the men in Malawi who serves as both pastor of a church and a missionary with between three to seven mission works receive support the majority of what we call “lay pastors” do not receive any compensation. Thus these men work a job or farm the land to provide for their family while preaching, teaching, and doing the work of the ministry. I believe that these men are going into the highways and byways taking the Gospel to those who are in need.

Most of the churches are in what is called the “Bush country” and the people work a small piece of land and survive on what they are able to grow to eat and sell. But what joy they have when they gather to worship the Lord.

They have great physical needs because of the hunger situation, and great spiritual needs because they are buffeted physically and spiritually! **Please pray for these pastors and the people.**

For His Glory,

Dr. Jimmy Nelson
